POSITION OF RESPONSIBILITY

MahilAi Pesu Club

February 2025 - Present

Web Developer

India

- Assisted in developing and hosting websites for Hackathons, ensuring smooth execution of events.
- Took on additional responsibilities due to the web team's limited experience, guiding them in technical aspects.
- Oversaw website development and maintenance, despite holding a web developer role, due to advanced expertise.
- Provided mentorship and support to senior web developers, contributing to the club's technical growth.

EXTRA-CIRRICULAR

Helped organize hackathons in college, contributing to event planning, logistics, and execution.

Passionate about cybersecurity, working on Wi-Fi security and penetration testing projects.

Exploring Raspberry Pi projects, integrating GPIO sensors for real-world applications.

Active Linux enthusiast, exploring different distributions, including Kali and SUSE.

Member of the college Table Tennis team, representing the university in competi
